REMARKS

In the Office Action, the Examiner noted that claims 1-77 are pending in the application, and that claims 1-77 are subject to restriction and/or election.

By this Amendment, Applicants have elected Group III for prosecution, including claims 31-77, drawn to a system operating communication between a wireless device and a primary network and at least a secondary network for profile retrieval for manipulation and addition of radio frequency header. Accordingly, claims 1-77 remain pending in the application, and claims 1-30 are withdrawn from consideration at this time.

Applicants respectfully traverse this restriction requirement.
